Heartfield **Talon**

By Fender

DiMarzio Humbucking Pickups

All the output and harmonics you'll ever need, and then some. (Talon II thru V)

Unique Fretboard Inlays

Genuine pearl sabre tooth inlays with red accents at the octaves. (Talon IV & V)

Extra Back Bevel

Better balance for easier playing when seated. (Talon I thru V)

Easier Access

More of the higher frets are within easy reach because the heel is sculpted and the neck plate is eliminated.

Player Designed Neck Contour

Slim, fast-action neck with rounded shape. It won't tire you out or slow you down.

Floyd Rose Tremolo

Accurate and built like a rock for years of abuse. It's the real McCoy. (Some models also available with Floyd Rose licensed versions.)
